

THE BETRAYAL OF THE SOMALI NATION AND THE HORN

BY ABDURAHMAN HUSSEIN MOHAMED (BBA/MBA), Amiirdaloon in Denmark: 14/09/2011

Since the current efforts on the Horn all are merely aimed at easing the pains temporarily (famine, alshabab, reconciliation, peace, etc.), we still need to work for the everlasting solutions to the generating roots of the current pains we are trying to ease. So, to find such final solutions, we have to pose questions to answer to:

1-Are the UN, AU and the international community honestly serious now about finding everlasting just solutions to the Horn crisis? We suppose that there can be differing answers to this question. So, let's say, yes they are!

2-So, what went wrong on the Horn and when and why?

The United Nations Betrayed and maltreated the Somali Nation and the Horn of Africa Region Continually by Recognising the Defeating OAU Charter of 1963: A Deep Self Contradiction by the Global Body!

The origin of the crisis on the Horn of Africa Region stems from the fact that the United Nations made a most serious injustice and a betrayal by recognising the regional charter of the OAU at least an article of which (see 3.3 below blue in italics) not only violates but also defeats at least an article of the United Nations Charter (see 1.2 below blue in italics). Article 1.2 of the UN entitles self-determination to all colonised peoples (the Somali Nation included) while article 3.3 of the OAU Charter demands respect for the territorial integrity of member states BEFORE the territories of Africa were corrected back to how they were BEFORE colonialism and more strange enough at a time when a file/agenda was open on the UN desk for the re-unification and independence of the Somali nation bringing all the five parts of the Somali nation into which Europeans (France, Italy and UK) divided the nation under one flag and rule.

The Somalis made a more suicidal mistake in taking membership of the very conspiracy against them, the OAU charter which adopted the colonial borders and thus legalised and perpetuated their being divided in second class status.

If the UN is now serious about the peace and justice it is talking about and the negotiations and reconciliations, there is no isolated Solution to "a Somali political problem" but there is only ONE SOLUTION TO THE HORN OF AFRICA REGION: THE RE-OPENING, BY THE UN, OF THE ILLEGALLY CLOSED FILE STATED ABOVE, RE-UNITING THE SOMALI NATION UNDER ONE FEDERAL RULE AND LEADING THE REGION INTO A "PROSPERITY COMMON MARKET" IN WHICH NONE FEELS NEITHER INJUSTICE NOR LAND-LOCKEDNESS.

As far as an approach currently applicable is concerned, a ROAD MAP IS INDICATED BELOW IF THE WORLD IS HONESTLY SERIOUS ABOUT PEACE, JUSTICE AND RESPECT FOR HUMAN RIGHTS ON THE HORN OF AFRICA.

United Nations Charter, Preamble, Chapter One

Article 1

The Purposes of the United Nations are:

1. To maintain international peace and security, and to that end: to take effective collective measures for the prevention and removal of threats to the peace, and for the suppression of acts of aggression or other breaches of the peace, and to bring about by peaceful means, and in conformity with the principles of justice and international law, adjustment or settlement of international disputes or situations which might lead to a breach of the peace;
- 2. To develop friendly relations among nations based on respect for the principle of equal rights and self-determination of peoples, and to take other appropriate measures to strengthen universal peace;*
3. To achieve international co-operation in solving international problems of an economic, social, cultural, or humanitarian character, and in promoting and encouraging respect for human rights and for fundamental freedoms for all without distinction as to race, sex, language, or religion; and
4. To be a centre for harmonizing the actions of nations in the attainment of these common ends.

Charter of the OAU from 1963, Principles

Article III

The Member States, in pursuit of the purposes stated in Article II solemnly affirm and declare their adherence to the following principles:

1. The sovereign equality of all Member States.
2. Non-interference in the internal affairs of States.
3. *Respect for the sovereignty and territorial integrity of each State and for its inalienable right to independent existence.*

A Road Map for Freedom, Justice, Peace and Prosperity for the Masses of the Horn of Africa Region

A MISSION OF 4+5 WOULD HIGHLY PROBABLY MANAGE TO SOLVE THE HORN OF AFRICA CRISIS, ALLAH WILLING:

4 to blame: UK, France, Italy & UN plus 5 helpers: OIC, Saudia, The Vatican, the EU and USA

In most simple terms those three European Countries are responsible of the messy hell now prevailing on the Horn of Africa region - all communities - and they should sort it out with the help of the Vatican, the EU, the Moslem World League, Saudi Arabia, USA and the United Nations: (3 colonizers plus the UN which illegally closed the Somali Nation Re-unification file in 1963 after OAU illegally adopted the colonial borders = the guilty 4 + 5 helpers). This would lead the region into a prosperity common market in which none feels neither injustice nor land-locked after the Somali nation is re-unified.

The Horn of Africa conflict is **more of a religious conflict than it is a political, territorial conflict.**

And thus religious leaders should give a helping hand, reminding the masses on the Horn and the world two basic values in faith: **(1) Brotherhood and coexistence on earth; (2) Satisfaction with whatever Allah/God gives oneself including land-lockedness. Thus, neighbours should benefit from resources brotherly while one should not seek sea access by force but by brotherly justice-and-peacemaking.**

The European colonialists (UK, France and Italy) divided the Somali nation into five parts and when they left, if they ever did leave, they placed parts of **Somalia under each neighbouring Christian community**, for deliberate, long-term trouble generation for the region and the world as we see now, instead of delivering those Somali parts back to the administration of that part of Somalia which was declared independent in 1960, current Somalia, which is only the Eastern part of the Somali nation.

The regional OAU charter could not over-rule the global UN charter which was entitling self-determination and union for the Somali nation. UN and OAU probably violated Human Rights and related Laws and
A more detailed statement is given below.

HORN COMMON MARKET IS BETTER THAN LIFE HORN COMMON MISERIES!!!

Urgent needs: Role playing by the region's next of keens: the Islamic League and the Vatican.

After twenty years of civil and other wars and the fact that the current path doesn't look encouraging nor capable of bringing about an everlasting solution to the region's conflict and its miseries, I suggest that the citizens of the Horn Region and others interested in the betterment of those suffering masses give more time and other resources to the depth, the causes of and solutions to the current disaster and its causing roots on the Horn of Africa, especially in what is known as Somalia from where we have been watching horrifying sights in the latest news reports as well as the overall common miseries.

1- Depth, Cause and responsibility partners:

No matter who will laugh, I have to say that the responsibility of what is happening in Somalia and the miseries that exist in the neighbouring communities rests on the shoulders of the three European colonialists (UK, France and Italy) and the UN for letting a regional OAU charter overrule its global UN charter and thus perpetuating colonialism on the Horn of Africa.

For the first time reader on the Horn, the Somali nation was divided into five parts: a part under UK and the single part under Italy made up what is today known as Somalia in 1960, the second part (Northern Frontier District of Kenya) under UK was placed under the Christian Kenya in 1963, the fourth part (Ogadenya) still remains under the Christian Ethiopia and the fifth part is what you today call Djibouti and was under France until 1977.

A share of the responsibility naturally rests on the shoulders of the rest of the international community as they all SIGNED AND/ OR RECOGNIZED THE SO CALLED "CHARTER OF ORGANIZATION OF AFRICAN UNITY" which legalized and perpetuated the division of the Somali Nation into five parts by the European Colonialists, at a time when the file/case for the re-unification of that nation and the delimitation of its borders was open at the United Nation (1963).

- A) Somalis were wrong to take membership of the OAU, let alone signing such atrocity against them;
- B) Moslems on the continent (Arabs and more) were wrong to sign and had to advice and warn the Somalis against neither signing it nor taking a membership;
- C) Muslims in general were wrong to recognize such enslaving conspiracy cover-coded as an OAU charter; and
- D) The United Nations contradicted with itself by accepting to be over-ruled by a new and only a regional organization and thereby closing up the then on-desk/open Somali re-unification-and-border-case, the same applying to the international community in general.

Such an act had enslaved not only the Somalis but also the masses of the region in general and made servants to other continents that had and still have their own schemes against the entire continent – preventing the Africans from exploiting their much needed natural resources by plotting them into never ending conflicts and worse.

It is now time the masses should take their freedom from those other continents and seek to work for a Horn Region Common market in African Union instead of life common miseries. And the following is the way to get there, while, likewise, the responsible continents and the global

community at large should change their hypocrisy and instead dismantle their designed and/or perpetuated mass destruction plots and miseries on the region:

2- **The Solution:** The only solution is that the United Nations gets back to where it was right last: RE-OPEN THE SOMALI FILE IT CLOSED ILLEGALLY, RE-UNIFY THE SOMALI NATION, LEAD THE REGION TO A REGIONAL COMMON MARKET AND COOPERATION AND THUS REMOVE THE PROBLEMS RESULTING FROM BEING "LAND-LOCKED" WHICH NOW ALLEGEDLY LEADS SOME COMMUNITIES TO INVADE OTHERS FOR SEA ACCESS AND OTHER ILLUTIONS DESIGNED AND SUPPORTED BY THE CONTINENTS WHICH HAVE ALREADY BEEN RESPONSIBLE OF THE MISERIES.

And while on this point, the following sources ought to play their legitimate roles:

- A) **The Islamic league** ought to indicate for all concerned that the league cares for the region and its masses regardless of faith or other and that the league advises anyone who is interested in African Union, first sorts out the mess left by the European Colonizers on the continent, deliver each territory to whom it belonged to before the mess-making colonialists and then create a legitimate share company with legitimate shares (African Union) which is in the interest of all Africans and probably the world at large depending on its would-be structure;
- B) **The Vatican** which has lately been voicing their concern and interest ought to remind the masses of the region and their administrations who all claim that they all believe in one God, the Almighty Allah, that only and only that very Almighty Allah determines who is settled where on earth and none other power and who should have access to the sea and who should be landlocked, and that a believer in God should be satisfied with His administration and may not try to acquire any sea nor ocean by his own force which too was given to one by the Almighty. This would then lead to a prosperous regional common market feeling neither injustices nor land-locked;
- C) **The EU (European Union)** has to play the role of being, since it really is, the family and the cousins of the British, the Italians and the French and thus convince them to have the courage of accepting the responsibility they bear and have on their shoulders – that of the miseries on the Horn since it was them who went there and created the causes of the troubles there today. A Somali proverb says: “for the insane, his/her brother is sane”. These three Europeans did wrong on the Horn and if they are not RIGHT today in solving their aftermath, their brothers have to be RIGHT and should bring them to the talking and solving table responsibly, making sure that funds for the **Horn Peace Road Map** are raised together with the multiple assistances from the **US, the World Bank, the IMF** and more, who should spend part of their budgets for the Horn on the creation of everlasting AND long term solutions rather than constant expenditure on for example burying the dead, the killer of whom is maintained for ever to keep killing;
- D) **What the Somalis should do:** A NEED FOR A SOMALO-PHONE CONFERENCE FOR A SOMALO-PHONE PUBLIC PETITION TO THE UN TO RE-OPEN THE SOMALI UNITY AND FREEDOM FILE AT THE UN – UNJUSTIFIABLY CLOSED BY THE UNITED NATION!

Sooner or later the Somali masses will have to think one more time and make a choice: **SPEAK UNITED FOR THEIR RIGHTS OR REMAIN IN SECOND-CLASS STATUS IN MISERY UNIFORMLY**. Since none of them is in better life or is more free than the other anywhere, they have to work together to change their status in this world in which the weak and divided are not counted at all. That is why it is urgently needed that the speakers of the Somali language (all Somalis) should start conferences and forums at Somalo-phone level. The media that speaks Somali (web sites, TVs, Radios, Publications, etc.) and the communities abroad ought to start these forums and conferences and as soon as possible and formulate in **UNITY** a public petition to the UN demanding the re-opening of their file which was closed illegally under the pretext that Africans have adopted colonialism and colonial borders for never ending conflicts and miseries. Somalis have to work for a Horn Region Brotherhood first then for their internal community interests after securing the interests and the betterments at the Horn Region level;

- E) **Other citizens: Likewise, the non-Somali citizens of the region** have to monitor the innermost changes of goodwill within the Somali souls and should give an encouraging feedback, taking positive steps forward towards the objective: A Prosperity Horn Common Market in which citizens equally farm and fish, all feeling free in sisterhood, exploiting their resources for the better life of themselves instead of preserving such resources for others under constant uselessness. They have to start understanding the fact that the one they need to plan long term strategies for life with is the one living next to them, not the ones living in other continents.

Conclusion

Saving lives requires less talk and much work. Courage and true humanity have to be applied in order to take the responsibilities and set up whole heartedly fully financed task teams to start and implement the above stated **ROAD MAP FOR HORN SOLUTIONS/ HORN PEACE ROAD MAP. Unless this is done, there will always be many who will be activated for violence by both genuine and bogus liberation activists, defending the Muslims in the region from the hostile Christians in the region and those who are supporting them from other continents of the same faith.**

Famine, refugees, pirates, hostages, terrorism, anti-terror war deaths, oppression, kid perishing, raping, aid worker kidnappings, least helping consignments in international aid, corruption, human trafficking, mini development projects in fiasco, growing hatred and distrust among faiths worldwide, and the list will go on! As you read this statement start playing your role and set funds aside and take initiatives towards the objective: A Prosperity Horn Common Market in which none feels neither injustice nor land locked, all citizens farming and fishing in peace and dignity on equal footing, Allah Willing.

Not “the End” till you work correctly - better late than never – though, from 1980, this activism for freedom, peace, respect for human rights and dignified life on the Horn and in the Village made me a hostage by the technological pirates of the faith-phobist colonialist.
